

# Sutable Aerial Solutions, LLC

## Corporate Capabilities Statement

**Mission:** Sutable Aerial Solutions provides high-precision aerial data and visual intelligence to optimize workflows, reduce risk, and safely capture accurate imagery through advanced technology.

### Core Competencies

We deliver accurate, repeatable, and defensible data at the intersection of aerial technology and professional documentation.

- **Drone Mapping & 3D Modeling:** Georeferenced Ortho mosaics, DEMs, and photogrammetric reconstructions.
- **Aerial Photo/Video:** High-res, geo-tagged site documentation and progress tracking.
- **Infrastructure Inspection:** Structural assessments of roofs, facades, utilities, and solar fields.
- **Thermal Imaging:** Building envelope analysis, moisture detection, and utility monitoring.
- **Environmental Monitoring:** Coastal erosion tracking and vegetation health analysis.

### Differentiators

What differentiates Sutable Aerial Solutions:

- **Safety-First:** Strict FAA Part 107 adherence for zero-incident operations.
- **Strategic Location:** Rapid mobilization throughout the Great Lakes region from Sandusky, OH.
- **Commercial Technology:** RTK precision platforms and high-spec sensors for engineering-grade data.
- **Expert Leadership:** Mission-critical management led by Mitchell Sutorius, FAA Certified

### Company Data & Credentials

Woman-owned small business (WOSB/SBE) based in Sandusky, OH.
